

Statement of Support for the proposed Ecusta Trail

We stand in support of the proposed Ecusta Trail. This rail spur has been unused for more than a decade. In the absence of a viable use as a rail line, we believe it should be converted from its current state of deterioration to become a regional attraction that will build our economy, improve tourism, attract new businesses, promote healthier lifestyles, offer alternative transportation, improve highway safety and further leverage our existing assets. It is my desire that our local leaders and elected officials pursue the best course of action to bring this vision to reality. I also request to be added to the email list to receive news and updates regarding the project.

Name: Carlton Murrey, Executive Director

Business Name: Cradle of Forestry In America Interpretive Association

Address: 49 Pisgah Highway, Ste. 4 Pisgah Forest, NC 28768 United States

Comments:

The Statement of Support for the Proposed Ecusta Trail was unanimously supported by the CFAIA Board of Directors on August 5, 2015.
